Clean title

This vehicle has no significant damage or problems.

Seller's Description

For Sale: 1968 Ford Mustang California Special

Numbers matching 289 V8 with a 3 speed manual transmission. Only 73,000 miles on the original drivetrain. The registration is current and expires in April 2024.

Provenance:

An authentic California car for its entire existence.

Originally owned and then passed to a nephew who drove it from 1986-1991.

Stored in a Silver Lake, CA garage from 1991 until my purchase in 2020. The provided photo showcases its condition after being stored for 30 years.

Mechanical Restoration:

Comprehensive mechanical overhaul since 2020.

Replacements include: fuel lines, fuel tank, fluids, clutch, 3-core aluminum radiator, bushings, shocks, tires (BF Goodrich), and more.

Engine updates: valve gaskets, water pump, fuel pump, oil pan, fuel filter, air filter, starter, spark plugs, distributor , new distributor wires, and all drive belts.

The result? A car that starts immediately and offers a dream-like drive.

Exterior:

Original paint with characteristic patina. Sides are well-preserved, but the roof, trunk, and hood show signs of wear.

Zero rust – a testament to its California heritage and garage storage.

Some external parts were replaced, but all original pieces are available and included in the sale.

Interior:

Primarily original with some upgrades for preservation.

Replacements: carpet, front door panels, steering wheel, dashboard, and two trim pieces.

Original seats, which remain in outstanding condition.

Unique Features:

All distinct "California Special" features retained, including the special trunk, Shelby tail lights, hood pins, unique grill, and fog lights.

Summary:

This Mustang is a blend of authentic history and meticulous mechanical restoration. While ensuring its mechanics were updated for modern roads, we honored its legacy by preserving its originality wherever possible.

Let me know if you have any questions at all. Thanks for looking! [See less](#)
