[Overview](#)[Application](#)[Suggested Parts](#)[Warranty](#)

Brand:	JBA
Product Line:	JBA Cat4ward Headers
Part Type:	Headers
Part Number:	JBA-1650SJS
Header Style:	Mid-length
Header Material:	Stainless steel
Header Finish:	Silver ceramic coated
Primary Tube Diameter (in):	1 5/8 in.
Collector Attachment:	Stock flange
Tuned:	No
Primary Tube Gauge:	14-gauge
Flange Style:	Standard
Flange Thickness (in):	3/8 in.
Bolts/Studs Included:	Yes
Gaskets Included:	Yes
Reducers Included:	No
Y-Pipe Included:	No
Quantity:	Sold as a pair.

Headers, Cat4ward, Stainless Steel, Silver Ceramic Coated, Ford, Mercury, Mustang, Cougar, 289, 302, Pair

[Check to make sure this part fits your application](#)**Increased horsepower and torque for all 50 states.**

Bolt on extra horsepower and torque with 50-state smog legal JBA Cat4ward headers. These headers are designed to last, with 3/8 in. thick laser-cut flanges, smooth mandrel-bent tubing, and JBA's patented Firecone collectors. Available in either 14-gauge steel or 409 stainless steel, these headers are offered in your choice of chrome plated or high-temperature silver ceramic finishes for most applications. JBA includes high-quality mounting hardware and instructions, and best of all, most applications simply bolt on without any additional exhaust modifications.
